Kentucky Crop Report.

The expected frosts in September did not come but on the contrary the warm weather during the month rapidly matured the bulk of the corn and tobacco crops and both are now out of danger from frosts, except a very small per cent of late planting.

The prospects for the corn yield improved during September and is now 94 per cent as compared with 88 per cent on September first.

Eighty-two per cent of the Burley tobacco crop, and eighty-one per cent of the dark tobacco was cut and housed by October 1st. As compared with the yield of last year the Burley is 87 per cent, while the dark is 81 per cent.

The fall grass crop is reported in fine condition and live stock is consequently doing well.

The acreage prepared for wheat is 87 per cent as compared with last year.

Wheat is worth \$1.02 in Louisville with still an upward tendency. The Society of Equity is the cause and they are holding out for \$1.25 in some places.

Two More Bridges for Powell.

The Powell Fiscal Court before adjourning last week made contract for two new bridges, one at Stanton and one at Bowen. The dimensions for the Stanton bridge are 14x125 feet and for the Bowen bridge 14x100 feet. The contract price for the two bridges is \$5,100.00 and they are both to be completed by Dec. 20, 1907. The Champion Bridge Company got the contract. It seems that the old county of Powell is getting a spirit of enterprise about it all of which is worthy of congratulation. This makes five bridges for Powell, three in the upper end of the county and two in this end. This end is now due the next bridge.

Gov. Beckham at Stanton.

Governor Beckham, Democratic nominee for U. S. Senate, and Ruby Laffoon, Democratic candidate for State Treasurer, spoke to a well filled court house at Stanton Thursday. The Governor's speech was a conclusive defense of the present administration; showed up clearly the fallacies of the Republican argument in favor of vote getting. The Governor is a very pleasant speaker and the Powell county voters were pleased to hear him. Mr. Laffoon only had fifteen minutes to address the people but proved in his brief talk that he well knew how to take care of the State's interests after Jan. 1, 1908.

Kentucky State Medical Meeting.

The 52 annual meeting of the Kentucky State Medical Association is being held at the Galt House Louisville. Two thirds of the physicians in Kentucky are members of this association, and it is estimated that this will be the largest meeting ever held. Especial attention will be given to the Pure Food question, and there will be an extended discussion on diseases of the thyroid gland, and papers will be read on the latest developments in the treatment of typhoid fever, appendicitis and other diseases. The new opsonic theory of treatment of disease will be explained by a lecture illustrated with a stereopticon.

H. F. Hillenmeyer & Sons, the reliable Lexington nurserymen, have their fall announcement in this issue. Remember they sell direct to the planter saving all agents and middlemen's profit to the farmer. Everybody needs fruit trees, and Hillenmeyers is the best place to buy them.

If you were out of the city on regular registration day or was sick and unable to go to the polls and register on that day, you can go to the County Clerk's office at Stanton and register without cost Oct. 28, 29 and 30th, otherwise you lose your vote.

New corn is starting off at a good figure, three dollars per barrel delivered in Clay City. This too in view of the fact that crops are better this year than last. Good for the farmer.

Success With Poultry.

An Iowa paper says that a farm-

er in a generous mood gave his daughter two chickens and bade her run away and be a good girl. He promised if she would look after them he would feed the increase for four years. The girl, as it were, planted those two chickens, and the result, according to the father's report, is astonishing. He says she has \$64 in the bank and has two hundred chickens which he had to feed last winter. According to the farmers' best calculations, his daughter will own the farm at the end of four years, and will be charging him rent for living on it.

Coming to Kentucky.

According to a press dispatch Mrs. Carrie Nation has accepted an offer to travel with a "Ten Nights in a Barroom" troupe as a side attraction, receiving \$200 a week and the privilege of telling things to the audience for ten minutes a night. Incidentally she will be leading lady of the attraction. The company was organized by a total abstinence society, and will tour Kentucky in an effort to keep the "dry" towns from becoming "wet" again. It is said Mrs. Nation intends to use the money obtained by her plunge into theatrical life to establish a home for so-called "incurable" inebriates.

Judge Geo. M. Derickson was in the city Tuesday and was out at the new bridge and took the dimensions of the new grade to the bridge. The approaches to the new Walter's Ferry Bridge will be begun at once and put up in the course of two weeks if the weather remains favorable. It will at least be completed for the fall tides. We will all share the pleasure.

The local telephone Company has changed from the name of Eastern Kentucky Telephone and Telegraph Company to the Powell County Telephone Company. A most agreeable change. The company will have a revised telephone card issued in a few days with the names of all new subscribers added to the list.

There are now 100 counties in Kentucky under local option control. 100 out of 119 is a good old Commonwealth, though the temperance people are not yet satisfied nor will they be until it is wiped from every county in the State.

The Mountain Central Railroad is putting up car shops at the Mountain Central Junction. The shops for a time will be under the supervision of A. M. Burgher.

ANNOUNCEMENTS.

For County Clerk.

We are authorized to announce CHAS. EWEN candidate for County Court Clerk, subject to the action of the Democratic party.

For Jailer.

We are authorized to announce JOHN P. GAYLORD candidate for Jailer, subject to the action of the Democratic party.

A Misrepresentation.

The Democratic press of Kentucky has very promptly called Augustus E. Willson on the carpet for his wanton slander upon William J. Bryan, the great leader of Democracy, whom he charged came into Kentucky a week ago a hireling and went before the sixty thousand people who he addressed and urged to support Judge Hager and the Democratic State ticket, receiving therefor not less than five hundred dollars a day. When called to account for his statement, Mr. Willson squirmed out of it in the straddling fashion in which he has met the issues of the present campaign, and when called a liar by Democratic State Campaign Chairman Hines and Urey Woodson, Democratic National Committeeman, admitted that he had made the charge without any information whatever, showing that he made it in pique, being at the time in the section Mr. Bryan had visited and seeing the wonderful effects of the speeches of the Nebraskan.

What a howl would go up from the Republican press not only of Kentucky, but the entire Nation, should Judge Hager, Democratic Gubernatorial candidate, make the charge in a public speech next week, when Vice President Fairbanks comes into Kentucky to speak in behalf of the Republican ticket, that he is receiving as compensation five hundred dollars a day, or any sum, for that service. Such a statement by Judge Hager would do inestimable harm to the cause of Democracy. Is there any more reason why such a statement from Mr. Willson regarding Mr. Bryan should not do the cause of Republicanism much harm? Does Mr. Fairbanks stand any higher in the estimation of the people of this country than does Mr. Bryan? Does any one believe that he has the cause of Republicanism closer to heart than has Mr. Bryan the cause of Democracy? Will anyone claim that he has a more honest purpose in coming to Kentucky than had the man who has led the Democratic hosts in the Nation for a dozen years or more?

Of Interest to Teachers.

Every teacher is vitally interested in at least five things, viz: better school houses, better equip-

ment, longer terms, larger salaries and a stronger recognition of the dignity and responsibility of the profession of teaching. It has been said that "Nothing succeeds like success." When the teachers of the State, through their organization, appeared before the Democratic General Assembly in 1906, that Assembly passed every educational bill presented by them. The teachers are now looking forward to the passage of Acts increasing the school term from 6 to 8 months, establishing a minimum salary of not less than \$40.00 per month, providing for a system of County High Schools.—Winchester Democrat.

A New License System.

In Oregon they are going after the whiskey traffic in a novel way. They reverse the order of things. Instead of licensing the seller, the buyer of strong drink is compelled to take out a license for which he has to pay \$5 every six months. Saloon men are compelled by law to confine their sales exclusively to persons holding licenses to buy, under pain of a heavy fine, for selling to unauthorized drinkers. A feature of the law is that every six months a complete list of the licensed drinkers is published.

Don't Forget.

Don't forget to vote for the constitutional amendment. The amendment provides that every voter must present his tax receipt for the current year for all state, county, district and municipal taxes before allowed to vote. There could be no law enacted that would be more just than this same law. This law would do away the registration and put a value on franchise privileges. It is just that every voter should pay tax, and it is equally just that every man who doesn't pay tax should not be allowed to vote.

The Bryan boom for the Presidency will be formally launched at Oklahoma City, Okla., on December 7th at a dollar dinner at which time the Commoner will speak.

Tells How to Mix it.

A well-known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

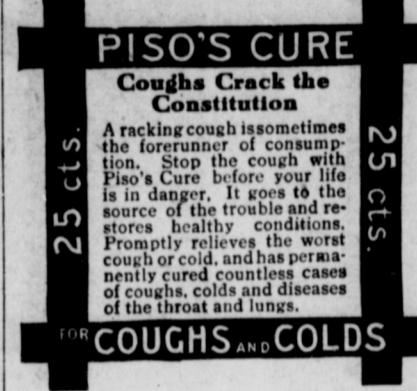

He states that the ingredients can be obtained from any good prescription pharmacy at a small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

Opportunity raps at some people's doors with a club, but they, fearing it a call from the collector, do not open it.

I will smile all this day and close my eyes to the dark side of things. I will not frown, but seek for sunshine and good cheer.

A young man who is pointed out as "one of our most successful citizens" is that young man who "did things."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

A Criminal Attack
on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at Swann-Day Lumber Co.'s store.

A score or more of voters met in the old Adams Hotel in the bottom last Thursday night and named a Citizen's ticket, headed by H. G. Burgher for Mayor and Shelt Roberts for Police Judge. Three of the candidates named for councilmen we are reliably informed will not accept the nomination and others, we presume will be supplied.

His Dear Old Mother.
"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney trouble, by Swann-Day Lumber Co.'s store. 50c.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed at Swann-Day Lumber Co.'s store. 25.

DEATHS.

Marcus Rogers, aged 74, died Friday at his home near Powell's Valley. Burial Sunday. He leaves a wife and several children.

Herdin Johnson died at the Central Hotel in this city Monday of tuberculosis. Funeral services Tuesday afternoon and burial at the Eaton cemetery. He came here Saturday and was then able to walk to the hotel. His wife arrived the day he died. They had sold out at Lexington and was going to move here. Mrs. Johnson was aiming to start for an extended visit to her mother at Cannel City when she learned of her husband's serious condition.

Hard Times In Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of to-day; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by Swann-Day Lumber Co.'s store 50c and \$1.00. Trial bottle free.
